

MND / ALS

ASSOCIATION OF SOUTH AFRICA

Motor Neurone Disease / Amyotrophic Lateral Sclerosis

PO Box 789, Howard Place 7450

13 January 2015

Dear Kevin & Carla

You have done it again, but this time twice over : R200,000! – what an amazing way to start a new year !

The MND/ALS Association of SA, would like to express our most sincere gratitude for all your hard work and once again undertaking this fundraising drive. It is obvious that a lot of thought went into arranging all these different events and getting it off the ground to make it the success they so obviously were, and then finding all the generous people who participated and contributed to make it possible to achieve this goal – each and every one needs a big and heartfelt thank you.

This donation will go a long way to help us care for and improve the quality of life of our patients, and for some even prolong life.

Your support is so greatly appreciated.

“You & Me” and “All of Us” versus MND !

Kindest regards

MND/ALS Association of SA
